SATURDAY 09.09.2023/08.00-13.00

SCIENTIFIC & CLINICAL UPDATE

PLENARY LECTURE:

Chair: Clara Alvarez (Spain)

10.30 **Recapitulating thyroid cancer histotypes through engineering embryonic stem cells**
Chiara Modica (Italy)

11.15 **Difficult cases with the international tumor board:**

-*Maria Grazia Castagna: leading Endocrinologist*

-*Agnieszka Czarniecka, surgeon*

-*Markus Luster, Nuclear Medicine expert*

-*Miguel Melo and Iñigo Landa: molecular studies*

-*Katie Newbold, Oncologist*

- **difficult ATC**

Pepijn van Houten (Netherlands)

- **difficult pediatric TC**

Friederike Eilsberger (Germany)

- **difficult MTC**

Leslie Cheng (United Kingdom)

12.15 **General Assembly**

12.45 **CLOSING REMARKS**
