

Join us at ETA 2023 for a conversation on
**The True Impact of
Thyroid Eye Disease (TED)**

featuring

Gail Devers

Olympic gold medalist,
lives with Graves'
disease and TED

Mario Salvi, M.D.

Founder & Head of Graves
Orbitopathy Center,
University of Milan

Devers is a world-renowned track star who has been living with Graves' disease and TED for 30+ years. Hear the details of her quest to diagnosis and how endocrinologists play a key role in the comprehensive management of TED.
